2. Main page ..

This page contains all the queries for which SMS query is required.

You need click on the queryid to enter the sms entry page

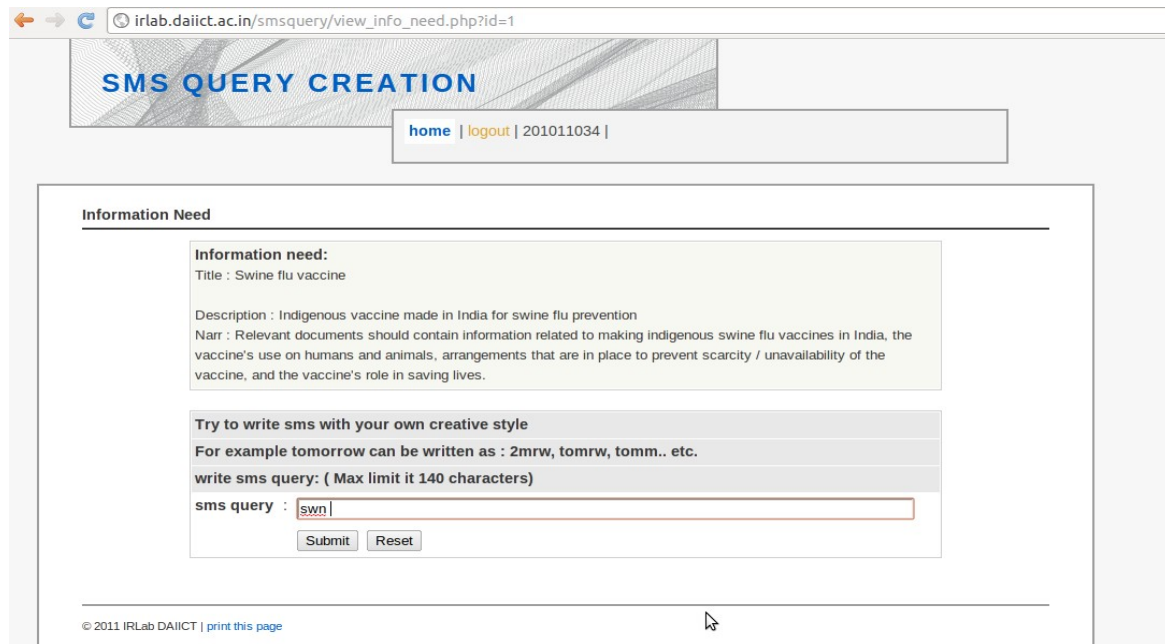

#	Information need	
1	<p>Title : Swine flu vaccine</p> <p>Description : Indigenous vaccine made in India for swine flu prevention</p> <p>Narr : Relevant documents should contain information related to making indigenous swine flu vaccines in India, the vaccine's use on humans and animals, arrangements that are in place to prevent scarcity / unavailability of the vaccine, and the vaccine's role in saving lives.</p>	<a href="#">write sms</a>
2	<p>Title : Rare cosmic events</p> <p>Description : Information about rare solar eclipses, lunar eclipses, meteor showers, changes in position of stellar bodies with respect to Earth</p> <p>Narr : Relevant documents should describe the reactions from people interested in these events. Reasons why the events are rare, and the difference in opinion of astrologers and scientists, is relevant. Space crafts, existence of extra-terrestrial life are irrelevant and information on space research is irrelevant. Events that are not designated as rare are not of interest.</p>	<a href="#">write sms</a>
3	<p>Title : Godhra train attack Description : Number of casualties in the fire aboard Sabarmati Express at Godhra</p> <p>Narr : Relevant documents should contain information related to the number of persons dead or injured in the attack on the train at Godhra, and the related controversies about the reported figures.</p>	<a href="#">write sms</a>
4	<p>Title : Michael Jackson's untimely death Description : Mystery surrounding Michael Jackson's untimely death</p> <p>Narr : Relevant documents should discuss the possible reasons for Michael Jackson's death. Documents that only report Jackson's death, or describe the reactions of his fans after his death will be regarded as irrelevant.</p>	<a href="#">write sms</a>
5	<p>Title : Price hike of petroleum products</p> <p>Description : Controversies surrounding price rise of petroleum products</p>	<a href="#">write sms</a>

### 3. Enter SMS query

As shown in screen shot sms query can be entered here. This should be in "texting language"

Only 140 characters are allowed. Be creative. You can truncate the word, create a different phonetic word, delete characters from the words, remove words from the query or create your own version of query.

But remember that it should **represent information need** and query created should be **human understandable**.

The screenshot shows a web browser window with the URL [irlab.daiict.ac.in/smsquery/view\\_info\\_need.php?id=1](http://irlab.daiict.ac.in/smsquery/view_info_need.php?id=1). The page has a header with the title "SMS QUERY CREATION" and navigation links: [home](#), [logout](#), and the user ID "201011034". Below the header is a section titled "Information Need". Inside this section, there is a box with the following text: "Information need: Title : Swine flu vaccine", "Description : Indigenous vaccine made in India for swine flu prevention", and "Narr : Relevant documents should contain information related to making indigenous swine flu vaccines in India, the vaccine's use on humans and animals, arrangements that are in place to prevent scarcity / unavailability of the vaccine, and the vaccine's role in saving lives." Below this box is another box with the text: "Try to write sms with your own creative style", "For example tomorrow can be written as : 2mrw, tomrw, tomm.. etc.", "write sms query: ( Max limit it 140 characters)", and "sms query : ". At the bottom of this box are two buttons: "Submit" and "Reset". At the very bottom of the page, there is a footer with the text "© 2011 IRLab DAIICT | [print this page](#)".

### 4. To update query, the created query need to be deleted. "delete" link will delete the written query.

The "next query" link will navigate you to next query

The screenshot shows the same web browser window as the previous one, but with a different state. The "Information Need" section now displays a box with the text: "201011034: swn flu vacc", "delete", and "Thank you !! [next query](#)". A large black arrow points to the "delete" link. The "next query" link is underlined in red. The footer remains the same: "© 2011 IRLab DAIICT | [print this page](#)".
